## Pflegehinweise | care advice

### Tipps und Tricks für Ihre wechselbaren Schmuckstücke

- Drehen Sie den Ringaufsatz jeden Tag einmal fest, um ein Abfallen zu verhindern. Doch Vorsicht, überdrehen Sie ihn nicht!
- Stellen Sie sicher, dass der Gummiring fest zwischen Basisring und Ringaufsatz eingespannt ist.
- Vergewissern Sie sich, dass der Gummiring noch vorhanden und intakt ist, wenn Sie einen Aufsatz austauschen.

### Aufbewahrungstipps

- Am besten bewahren Sie die Artikel in der Originalverpackung, in einem gepolsterten Beutel oder in unseren Sammelboxen auf.
- Bewahren Sie die Schmuckstücke getrennt voneinander auf und vermeiden Sie den Kontakt mit harten oder scharfen Gegenständen.

Wie bei allen Schmuckstücken ist es am besten, die Artikel nach dem Anziehen anzulegen und vor dem Ausziehen abzulegen. So verhindern Sie, dass die Schmuckstücke eventuell an Ihrer Kleidung hängen bleiben und Sie, die Kleidung oder der Schmuck Schaden davon tragen.

- Legen Sie den Schmuck unbedingt vor dem Schwimmen oder anderen sportlichen Aktivitäten ab.
- Bitte achten Sie besonders darauf, den Kontakt der Schmuckstücke mit Chemikalien zu vermeiden (Parfum, Haarspray, Lotionen, Seifen und Crèmes). Chemikalien können den pH-Wert der Haut beeinflussen und somit zu Verfärbungen an den Schmuckstücken oder dem Leder führen.

### Tips and tricks for your interchangeable jewellery

- Firmly tighten the top everyday to prevent loss.
- Ensure the rubber stopper ring is clamped firmly between the top and the ring base.
- When changing a top check if the rubber ring is still present and intact.

### Keeping your jewellery bright and beautiful

- It's best to store them in the original packaging, in a padded pouch or in one of our collectors boxes.
- Store them separately from other items. It's important to avoid contact with hard and sharp objects.

Like all jewellery it's best to put items on after dressing, and take items off before undressing to avoid snagging in your clothing, this will avoid damaging your jewellery, your clothes, or yourself.

- Remove all items for sports and swimming.
- Please pay particular attention to the use of chemicals such as perfume, hair spray, creams, soaps, lotions, medications, etc.) This can affect the pH value of the skin and can lead to discoloration of leather and metal
